

SENIOR VICE PRESIDENT SENIOR FIREFIGHTER TREVOR ROSS

- 78 Station Ropes Crossing
- Three terms on State Committee (SCOM): Two terms (6 years) as the Sub Branch Secretary for Metro West One and now one term (3 years) as Senior Vice President
- FBEU member since 1988
- TWU member and delegate: 8 years
- 39-year Firefighter: 15 years as a Retained and 24 years as a Permanent

I'm seeking re-election to SCOM because I want to keep improving the wages and conditions for all firefighters. SVP is a busy and demanding role, but it is also rewarding.

As SVP, I am a member of the Training Review committee (TRC) and attend monthly meetings to hold the Department to account on how they want to train us.

I am on the Review Policy Sub Committee (RPRC), which includes meeting with Senior Officers from FRN-SW and the RFS to affect area changes across the State and expand our areas. My most notable success so far is the increase in Western Sydney, the Blue Mountains and I am currently working on MacArthur and other regional towns.

I attend recruit sign ups to recruit both permanent and retained members to our FBEU, including on weekends.

I have attended every monthly SCOM in the past three years, and I think attending every meeting is key to my role. I attend twice weekly meetings with the office staff, and provide regular strategic and policy advice to the State Secretary several times a week. I assist in chairing meetings both internally and outside the union office, including member meetings. As SVP, I attend the Firefighters Championships at Dubbo and Tamworth, to see our members and to sign up new members.

I am on call to support the union's organisers and industrial officers in their work. One of the achievements over the last three years would be my involvement in the organising model that the FBEU has adopted. This means more members have more of a say and control of our union. I'm seeking your support to be re-elected to continue this work.
