

VOTE 1 ROBERT (BOB) CALLOW

FOR SYDNEY OUTER WEST SUB BRANCH SECRETARY

Robert(Bob) Callow
Current sub branch secretary outer western Sydney.
Running for Outer Western Sydney.
35 years service.
Currently Station Commander at 98 Station Cranebrook.

I have been on SCOM for one three year term and have enjoyed the experience immensely and have spent the time learning how to be an effective SCOM member.

During my term I have strived to make the union more member driven and have been part of the development of the delegate and organiser model. I have been part of the Training Review Committee (TRC) where for three years along with other union representatives we have been able to challenge the brigade to protect, train and keep safe our members during their careers and fight constant cost cutting measures in training.

I have enjoyed interacting with members at medal presentations in station and have been an ever present at many send offs for retiring members speaking on behalf of the union and personally thanking them for their dedication to unionising.

On the other end of the scale I have also been at the sign up of many recruit classes both full time fire fighters and on call classes. This has been exceptionally rewarding to be the first point of contact for so many recruits.

If I am re- elected I hope to continue the good work that has been started, I hope to see a member driven union with highly activated and motivated members pushing for change and improvements in the organisation and fairness and equality for all. One union with permanent and retained members pulling together with a common goal.

Join me and other candidates at online and in person forums to hear what we think about the future of our union and to get your questions answered. A full schedule of meetings is available at the QR code. I look forward to seeing you there.
