

VOTE 1 DANIEL FINNEY

for Retained Sub Branch Secretary

I am Deputy Captain at 221 Bellingen station. I have been a retained firefighter for 6 years and a FBEU member the whole time. I come from a construction background as a qualified carpenter and have been a union member my whole working life. I have completed the Health and Safety Representative training, and have been a FRNSW Health and Safety Representative (HSR) since 2017.

I have been a Director and Chair of the Board for a local community organisation from 2014-2019, and I am experienced at running and participating in meetings, assisting on business plans and overseeing governance.

I run my own business and have done since 2013, and I have been a leading hand with responsibility for parts of the business and apprentices in the past. As a fire brigade HSR and am passionate about the safety of firefighters at work. I am also committed to fighting for increased rights and representation for retained members.

Since being elected to the Retained Sub-branch executive 2 years ago I have been involved in representing retained to the state committee and the department, currently I am on our Union's award negotiating team having weekly meetings and advocating to advance retained conditions constantly.

I have been signing up new FBEU members at their phase training: this is so important as it guarantees our numbers stay large and we have the power to make sure our voice is heard.
